

Mindful by Nature

Reconnective Forest and Coastal Bathing Walks for Well-Being - near Totnes, Devon

A series of three Guided slow-paced Walks, to pause daily concerns and mental chatter, to restore a sense of wellness and calm while immersing oneself in the therapeutic woodland and marine ambiances. A chance to let go of “doing” to explore “being”, in a mindful and creative relationship with yourself, the environment and a similarly motivated group. These walks include reading of relevant poems, silent sitting and shared tea - a new way of communing with and enjoying nature

with *Daniela Coronelli & Roy Whenary*

“I enjoyed increased resilience during the weeks after the walks - a sense of belonging to the forest and the forest belonging to me. I felt more grounded and at home on the earth, in Devon”

~Nicky

SUNDAYS (10.30am-1.30pm)

8th September

13th October

& 10th November 2024

*£22 per walk when booking more than one walk up to 8 days in advance
(£26 for 1 walk)*

Through somatic body-based practices, nature connectivity and mindful meditation, we guide people (including sensitive ones) to ride the waves during life transitions, to land in sustainable wellness
